write... and do math...**

## Literacy on its Feet— Drama Stream

Youth Literacy is delighted to announce the launch in late 2014 of the Literacy on its Feet program. This program, funded by the Ontario Trillium Foundation, is intended to help learners, aged 6-18, who are struggling with literacy issues and for whom one-on-one tutoring may not be the most effective learning approach.

In this 12-week session, learners will work with trained adult and teen volunteers. They will learn improvisational and other acting exercises, and will create a short, scripted piece for performance at the end of term, in co-operation with local cultural and arts groups.

Learners will work in one of three age categories:

7-10

11-14

15-18

Locations TBD and depending on applications received... 1-3 locations to be selected from:

Durham

Hanover

Walkerton

Chesley

Flesherton
