**We help kids read... and
write... and do math...**

Literacy Tutoring

At Youth Literacy, our core program is Volunteer Tutor Assistance. We serve children and youth, aged 6-18, who are struggling with literacy skills.

We match a learner with a screened, trained volunteer for a weekly one-on-one session tailored to that learner's needs.

The learner's family completes an application form and we meet, then match with a volunteer.

Our service is free and confidential.

We've been helping learners and their families in Grey-Bruce since 1989.

If you know a student or family asking for help with literacy skills, or someone who can volunteer one hour a week to tutor, contact

South Grey Bruce Youth Literacy Council
